PROFESSIONAL SUMMARY

AI & ML student with strong skills in Python, Django, SQL, and full stack development. Experienced in building AI-powered and web-based applications using REST APIs, MongoDB, and authentication systems. Passionate about backend development, problem-solving, and scalable application design with a strong foundation in Data Structures and Algorithms. **SKILLS**

- **Programming Languages:** Python, SQL
- **Web Technologies:** HTML, CSS, Django, MERN Stack
- **Machine Learning:** NLP, AI Fundamentals, ML
- **Core Concepts:** DBMS, CN, OS - Basics

EDUCATION

GMR Institute of Technology, Andhra Pradesh	2023 – 2027
B.Tech in CSE (AI & ML)	CGPA: 7.4/10
Balajee Polytechnic College, Andhra Pradesh	2020 – 2023
Diploma in Engineering	72%
The Sun School	2019 – 2020
Secondary School Certificate (SSC)	99%

INTERNSHIP

Django Developer Intern — Hippo Cloud, Visakhapatnam **June 2025 – July 2025**

- Developed and maintained backend web applications using Python and Django framework.
- Designed and integrated CRUD modules, REST APIs, and authentication systems.
- Collaborated with developers in debugging, testing, and deployment tasks.

PROJECTS

AI Travel Planner — MERN Stack

- Developed a full-stack travel planner using React.js, Node.js, Express.js, and MongoDB.
- Implemented destination recommendations, budget planning, and personalized itinerary features.
- Built REST APIs and integrated MongoDB for managing user, destination, and travel data.

Government Schemes Recommendation System

- Developed a recommendation system to suggest eligible government schemes based on user details and requirements.
- Implemented data filtering and intelligent matching techniques for accurate scheme recommendations.
- Focused on improving accessibility and awareness of government welfare programs.

Instagram Clone – Django

- Developed a full-stack Instagram clone with user authentication and social media features.
- Implemented 6+ social media features including post uploads, likes, comments, profiles, and follow systems.

ACHIEVEMENTS

- Solved 100+ coding problems on LeetCode and GeeksforGeeks.
- Participated in national-level hackathons and coding contests.
- Built 3+ full-stack and AI-based academic projects.

CERTIFICATIONS

- AWS Academy Cloud Foundations
- Python Essentials Certification
- Web Development Fundamentals
